### AUTOMATIC KJELDAHL NITROGEN ESTIMATION SYSTEM

On 20<sup>th</sup> Oct 2022 the automatic kjeldahl nitrogen estimation system installed in TECHIN wet lab. It is an assembly of equipment which is capable to analyse the Total Kjeldahl Nitrogen in water, wastewater, sewage water, plants, soils, food & feed, Fertilizers and pesticides samples. It is a combined unit and consist of Digestion unit, Distillation unit, Scrubber and Auto titrator. The system is comparatively pollution free, environmentally friendly, time saving and compact.

On 1<sup>st</sup> October 2022 the TECHIN team visited to Indian Institute of Infrastructure & Construction Kollam

### TESTIMONIALS

At the outset we like to thank TECHIN of IIT Palakkad to provide us with the preincubation opportunity.

We have learnt a new dimension of business with lean management concepts. This training has given us lot of confidence. We very well understood that customer centric Engineering solutions will definitely have an edge in the market.
