Entrepreneurship Development Programme (EDP)

TECHIN is conducting an Entrepreneurship Development Programme (EDP), a 12-week online interactive workshop from 27th June 2023, for TECHIN start-ups in incubation phase to enable transformation of prototypes into viable business with social and economic impact.

Mr. S Muralidharan, Chairman, Mobility Aftermarket (P) Ltd is the Cohort Chair for the sessions.

Upcoming EDP Cohort I Masterclass sessions:

- On Aug 5, 2023, Ms. Khyati Jha, Founding Partner, Spectrum Partners, would initiate a conversation on "Legal and Regulatory Essentials for Startups".
- On Aug 12, Mr. Viju Parameshwar, Corporate Leader, would be discussing on the topic "Numbers to run your Business"
- On Aug 19, Ms. Raka Krishnan, Founder – The Korneroom, would deliberate on HR in her talk "Startup Organisations"

Testimonial

I am experiencing a fantastic opportunity to develop my technical and business skills at TECHIN, IIT Palakkad.

We got to develop cutting-edge medical device technology and collaborate with experts and very supportive mentors.

The Cohort program at TECHIN, IIT Palakkad, boosted my confidence and competence by providing a well-structured, rigorous, and engaging curriculum that enabled me to apply my learning to the real world.

TECHIN is an excellent platform for aspiring innovators and entrepreneurs, as the CEO, mentors, and staff are very supportive and helpful.
